# KODIAQ

ACCESSORIES

**ŠKODA**  
SIMPLY CLEVER

# THE REAL WINNER

ŠKODA has further developed the emotive design of the KODIAQ, which can also be ordered as a 7-seater, and improved its aerodynamics.

The restyled front with an elevated bonnet and the redesigned, more upright ŠKODA grille reinforce the KODIAQ's bold appearance. New alloy wheels measuring up to 20 inches further enhance the car's dynamic and striking look. As a result of a further refined ŠKODA design language, the KODIAQ presents as even more emotive and self-assured.

# CONNECTIVITY

# MyŠKODA

## ŠKODA CONNECT AND OTHER DIGITAL SERVICES IN YOUR POCKET

It's about the journey, not just the destination – and with the ŠKODA KODIAQ, everyone in the vehicle can enjoy the trip. A connected multimedia system makes it easy to communicate with friends and family, get the information you need, and keep you and your passengers happy and entertained while you drive.

With the MyŠKODA application you can go even further in interaction with your vehicle. Use the application to remotely check the status of the vehicle, lock or unlock it, or display its parking position. Benefit from statistical insights into your last trip, and use them to plan a more efficient route next time. It offers also insight to the vehicle manual, quick tips for using the vehicle and its accessories or possibility to interact with your preferred service partner, with a number of further functions just waiting to be explored.

With MyŠKODA application in place, your car remains under your control at all times. The application is available for download on App Store (iOS) and Google Play (Android). ŠKODA Connect features are available based on ordered service bundle: Infotainment Online or Care Connect.

**SAFETY**

SAFETY IN THE  
FIRST PLACE

We care about you, your loved ones. Choose from the collection of safety accessories for the whole family. Each type of child safety seat from the ŠKODA Genuine Accessories passes through a series of rigorous tests, including EuroNCAP crash tests and tests for flame resistance, content of harmful substances, wear resistance, and the quality of the coating.

# TESTING & QUALITY

# QUALITY THAT HOLDS AND LASTS

Did you know that the textile floor mats from ŠKODA Genuine Accessories also undergo the so-called 'heel test'? This test simulates the action of the driver's foot on the accelerator, sinking the heel 5 mm into the floor mat in both dry and wet conditions at an angle of 45°.

The floor mats also undergo an additional load test in the form of a long driving test, and further focus is placed on the brackets fixing the front floor mats to the car upholstery. The tests are designed to verify the proper clip strength needed to enable comfortable handling by the driver, while keeping the floor mat in place despite the occasional application of force during the drive.

Testing of fixing element strength

# CHILD SEATS SAFETY TESTING

Do you want to ensure the maximum safety of your children in the car? The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

## Practical and variable

The intelligent design of these child seats allows the child to not only be seated in the back, but also on the front passenger's seat where you can see them. The child seats feature variability and numerous setting options to adapt them to the changing size of your children.

## Perfectly verified

All child seats from ŠKODA Genuine Accessories comply with European safety regulations (EHK 44.04) and have passed a number of other tests. The high quality and safety of these child seats is demonstrated by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.

# ŠKODA EXPERIENCE

ŠKODA Genuine Accessories are offered by ŠKODA as optional extras at additional charges. Colours, designs and materials may differ from those in the illustrations. Information such as specifications, appearance, performance, dimensions, weight, fuel consumption and operating costs relating to the illustrated vehicles and products is based on information available at the time of printing this document, and ŠKODA AUTO reserves the right to change these data.

Correct rim and tyre size combinations are available in the Registration Certificate and/or from your dealer. When choosing snow-chains, make sure to follow the indication in your car's certificate of roadworthiness. Wheels depicted on the cars may not be part of the available range. Please contact your ŠKODA Partner for information as to which products are available and suitable for your model, what restrictions apply, the installation times required and costs. Subject to change without notice. Vehicle parameters such as weight, rolling resistance and aerodynamics may vary depending on additional equipment and accessories (attachments, tyre sizes, etc.) and may, together with weather, traffic conditions and individual driving styles, affect fuel consumption, electricity consumption, CO<sub>2</sub> emissions and other performance parameters. ŠKODA Genuine Accessories are not used to determine consumption and emission levels, and can therefore only be fitted after the vehicle's first registration.
